

Spinner Addition & Math Game

*Print and cut out the spinner materials below.
Write your spinner numbers in each section.*

You can also use a paperclip and a pushpin for your spinner "arrow".

Flick the spinner. Write the number in the first box.

Repeat and write the number in the second box

Add the two numbers together and write the answer in the third box.

$$\boxed{} + \boxed{} = \boxed{}$$

$$\boxed{} + \boxed{} = \boxed{}$$

$$\boxed{} + \boxed{} = \boxed{}$$

$\boxed{}$ and $\boxed{}$ makes $\boxed{}$

$\boxed{}$ and $\boxed{}$ makes $\boxed{}$

$\boxed{}$ and $\boxed{}$ makes $\boxed{}$

Flick the spinner. Write the number in the first box. Repeat and write the number in the second box. Multiply the two numbers together and write the answer in the third box.

$$\square \times \square = \square$$

$$\square \times \square = \square$$

$$\square \times \square = \square$$

$$\square \times \square = \square$$

$$\square \times \square = \square$$

$$\square \times \square = \square$$

$$\square \times \square = \square$$

Flick the spinner. Write the number in the first box. Repeat and write the number in the second box
Multiply the two numbers together and write the answer in the third box.

$$\square \times \square = \square$$

$$\square \times \square = \square$$
